

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

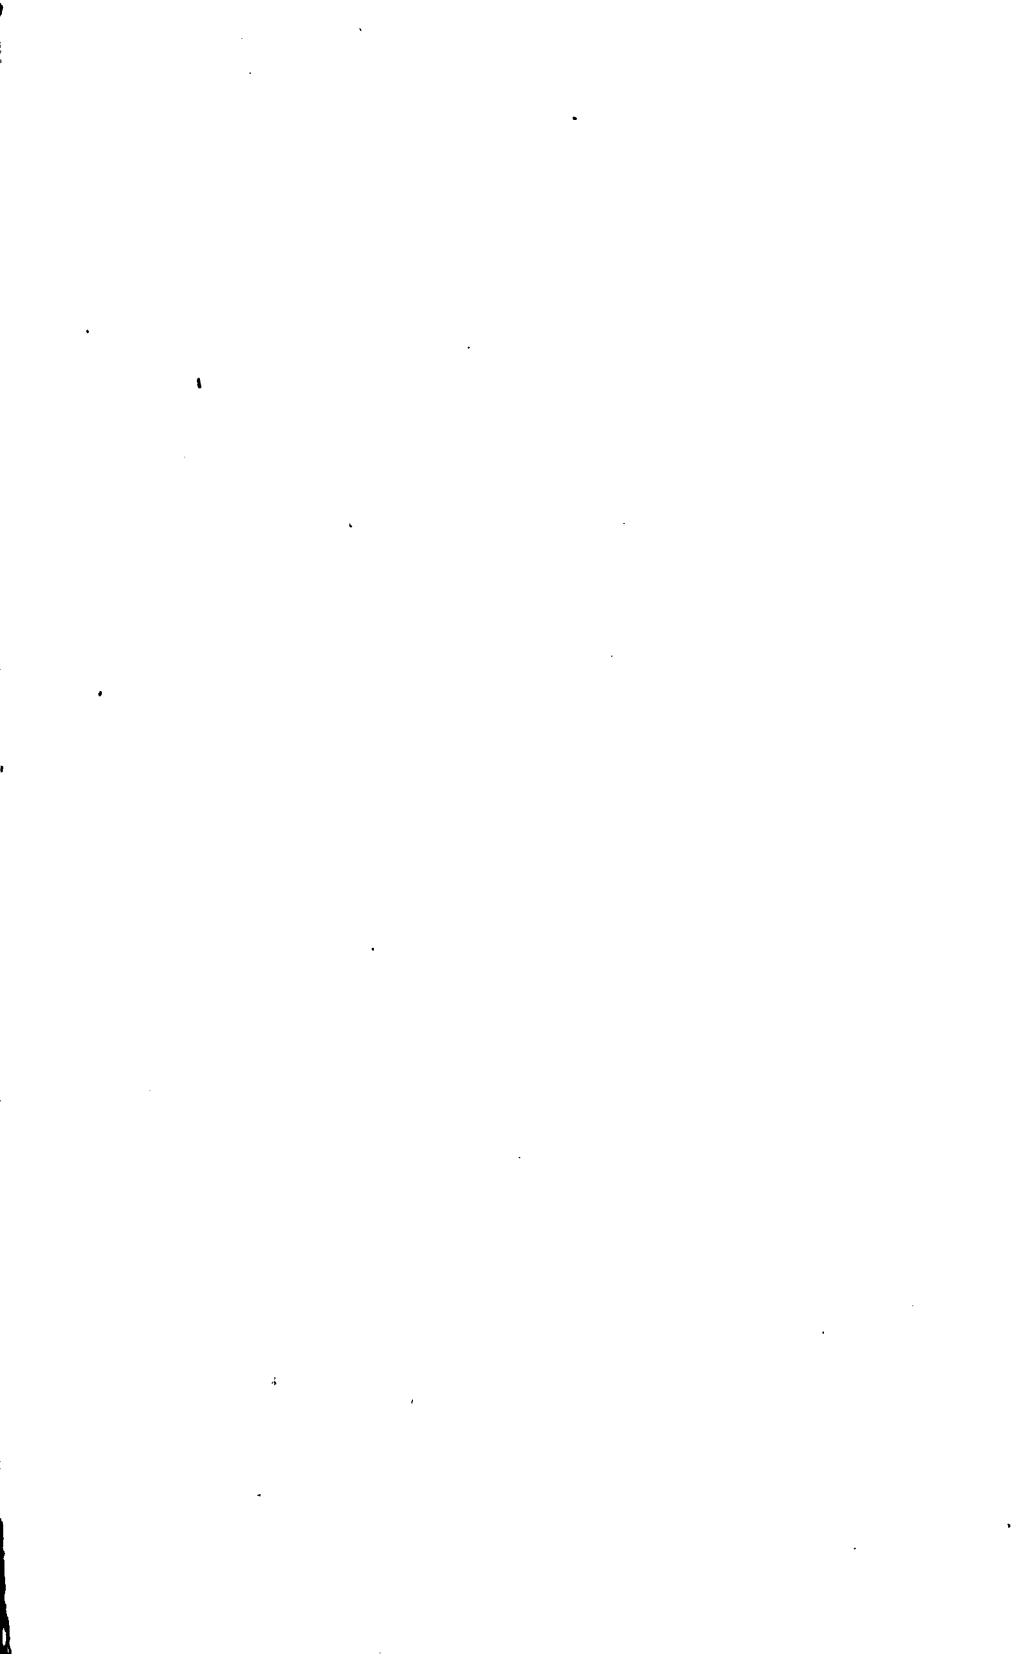

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

PREFACE.

In the present volume are contained the Marriages of six parishes which lie on or near the boundary line separating the modern Archdeaconries of Bodmin and Cornwall.

A word of explanation may be required to account for the selection of these particular parishes. In determining what shall be the contents of a new volume several considerations have to be taken into account—to recognise the fact that the Eastern and Western portions of the County have equal claims to priority of treatment; to see that contiguous parishes shall, if possible, be entered in the same volume; to take into account the quantity of available material and the number of entries supplied by the contributing parishes. The first of these conditions is satisfied by issuing volumes of Eastern and Western parishes alternately, the second is largely dependant upon the third and fourth conditions and therefore must always, it is to be feared, remain a variable quantity. To arrange that each volume shall contain an equal number of entries and at the same time to preserve the integrity of each parochial record is by no means easy, owing to the disparate character of the various parishes. There is a further consideration which, in the immediate interest of those engaged in genealogical enquiries, must not be overlooked. To a genealogist it is obviously advantageous to know where a particular marriage is *not* to be found, in other words to reduce the field of enquiry to the narrowest possible limits. For this purpose, it is more helpful to print the Marriages of say eight sparsely populated parishes, than to print an equal number taken from four populous ones. Unfortunately it is not always possible to give effect to this desideratum without destroying the continuity of the series. Attention is called to these points, not for the purpose of suggesting any method whereby they may be resolved, but rather to reassure subscribers. The Editors are fully alive to their importance and to the difficulties which surround them.

The completion of this volume brings the number of parishes dealt with up to forty-five. To the incumbents of these parishes are tendered hearty thanks. Two of them have been gathered to their fathers since the issuing of Volume V, —the Rev. Jocelyn Barnes, of St. Breage, who extracted the Germoe entries for that volume, and the Rev. G. Durno, who gave permission for the printing of the Egloshayle Marriages

in this. The frequent visits which were necessary in order that a careful transcript might be made for this work were rendered delightful to the copyist by reason of their unflinching courtesy.

To Mr. Shadwell, Registrar of the Probate Court at Bodmin, subscribers are, as heretofore, indebted for much valuable material which, by his permission, has been extracted from the transcripts. If the Exeter transcripts could be arranged with the same care and judgment as those at Bodmin it would doubtless be possible to include some additional matter in this series, but until this is done, the delay and expense involved in collation would be fatal to the present undertaking.

The recovery of the missing Warleggan Register is a matter for congratulation. The Rector has kindly furnished the following clear and simple statement, which is valuable as showing the dangers to which the muniments of a parish are exposed even where no evil is intended, and as proving the utility of making more than one copy of these valuable records.

"As far as I can learn," he says, "the old register was lost somewhere between the years 1881—1887. I do not think it was missed till I was asked for a copy of an entry in it, about 1889, when I became curate-in-charge of the parish. I made enquiries everywhere and advertised for it in the *Western Morning News*, but without avail. Quite by chance the daughter of an old parishioner, who had recently died, brought to me last June a book to look at thinking I might be interested in some old writing which she was unable to read and which she had found on the top of a bookcase in her father's room. This proved to be the long lost register. It was covered with dust and splashed with paint, the first few pages destroyed (which would probably have dated from 1545) and the covers gone. I feel sure her father must have borrowed it, placed it in its hiding place and then forgotten it, after a very serious illness which he had about this period. Notwithstanding its dilapidated condition, with the exception of the first few pages, there are but few entries which are illegible, thanks to the kind help of Mrs. Glencross in assisting me to make a copy of it."

The Marriages from the Register referred to are printed in this volume.

Cornwall Parish Registers.

Marriages at Egloshayle,

1600 to 1812.

NOTE.—The following Marriage entries have been extracted from seven Registers. The first, a small book, measuring 12 inches by 6 inches, with leaves of parchment and binding much worn, embraces the period 1600—1670; the second, 12 inches by 6 inches, has paper leaves, requires rebinding, and continues the record up to 1716; the third and fourth, well-bound books with parchment leaves, give the Marriages as far 1754, when the forms prescribed by Hardwicke's Act were introduced. Of these latter there are two volumes, giving both Banns and Marriages. The names of those whose Banns were called at Egloshayle between 1754 and 1812, but whose Marriages were solemnized elsewhere, have been added at the end of the following list. The entries have been copied by the Rev. T. Taylor, and are printed with the consent of the Rev. G. Durno, M.A., Vicar of Egloshayle.

There are no transcripts of these Registers Bodmin.

Marriages at St. Kew,

1564 to 1812.

NOTE.—The valuable series of Registers preserved at St. Kew gives an unbroken record of Baptisms, Marriages and Burials from 1564 up to the present time. The books are all in a good state of preservation, but the writing is, in some places, almost illegible owing to the indifferent quality of the ink which was used at the time the entries were made. The first volume opens with the statement that this book “was repaired and rebound at the joint expense of His Excellency George Buckley Mathew, Esq., H. M. Minister Plenipo., at Brazil, and Edward Archer, Esq., of Trelaske, the Baptisms, Marriages and Burials of whose ancestors are herein recorded.” This volume contains mixed entries from 1564 to 1680. The second volume which has also parchment leaves, is well bound in leather and supplies the Baptisms, Marriages and Burials, entered separately, from 1680 to 1794. From 1754 to 1794 the Marriages are given in duplicate, viz., in Volume II, as before stated, and in Hardwicke’s form which continues the record up to 1812. The Marriages hereunder given, have been extracted by the Rev. T. Taylor and are printed by permission of the Rev. N. T. Every, B.A., Vicar of St. Kew.

Marriages at Padstow,

1599 to 1812.

NOTE.—The earliest Padstow Register gives all entries from 1599 to 1670, and is the original record of Baptisms, Marriages and Burials as they occurred. At the time when the sheets were bound up (or when the volume was rebound) some of the leaves appear to have been lost and some to have been misplaced. This will account for certain obvious irregularities and omissions, the chief of which is a hiatus from 1624 to 1632. The second volume has parchment leaves, and on the first page there is a note stating that "This booke cost 2d. ye leafe and 2s. 6d. binding and clasps—£1 2s. 6d. From these and two later volumes Mrs. Glencross has extracted the following list of Marriages, which is printed by leave of the Rev. W. Craig Thompson, M.A., Vicar of Padstow.

VOLUME I.

John Flamacke & Alce his wife	...	6 Apr.	1599
Thomas Wright & Aradisse his wife	...	14 May	"
Harry Russell & Ales his wife	...	29 May	"

Marriages at Warleggan,

1547 to 1718.

NOTE.—Attention has been called in the Preface to the recovery of the missing Warleggan Register. It is a small unbound book about eight inches square, the first few pages of which are almost completely destroyed. The remaining portions are fairly legible. The Marriages have been copied by Mrs. Glencross and are here printed by permission of the Rector, the Rev. C. Olive, M.A. For the later entries, up to 1812, the reader is referred to Vol. IV. of this series, where will be found also such additions and alternative readings as could be obtained from the Bodmin Transcripts.

Marriages at Withiel,

1568 to 1812.

NOTE.—The Marriages hereunder given have been extracted by Mrs. Glencross from two volumes, viz.—the old Withiel Register which includes Baptisms and Burials from 1567 to 1786, and Marriages from 1568 to 1770, and from Hardwicke's Register which was commenced in 1754. Marriages between 1754 and 1770 are found entered in both Registers. The books are in good preservation, but in the first volume there is some bad writing and in places the record is almost illegible. The Rev. W. S. Cruddas, M.A., Rector of Withiel, has kindly allowed the Marriages to be printed. They are given here in chronological order, although, as is pointed out in the notes, such is not always the order preserved in the old Register.

VOLUME I.

Marriages at St. Sampson, *otherwise Golant,*

1568 to 1812.

NOTE.—The Registers of St. Sampson date from the year 1568 and consist of three volumes. The first and second volumes have been rebound and the leaves skilfully mended. Unfortunately the work of repair came too late to preserve some of the edges of the leaves which were already completely worn away. From the year 1710 to 1719 there is no record of Marriages and from 1711 to 1719 no record of either Baptisms or Burials. Mrs. Glencross has carefully copied the Marriages and they are here printed by permission of the Rev. H. Lines, Vicar of St. Sampson.

VOLUME I.
